About This Game

The spiritual successor of hack_me 2 is already here:

ReHack is a story about newbie employer in the Company, who is going to test their experimental hacking system and subsequently became the greatest hacker in the world. You will be involved in shady political dealings, intrigues and world conspiracies. By playing **ReHack** you will learn more about AI, hacking and political ideologies. Onwards, towards the bright new world.

ReHack includes many different features:

- Variety of uniquely implemented games.
- References. There are over nine thousand of them!
- In-game economy. You even can farm cryptocurrencies.
- Minimalistic graphics. Everyone loves it that way, right?
- Nonlinear plot with many plot twists and sometimes actually funny jokes.
- An original soundtrack composed of the wide variety of tracks.
